BACKGROUND ARTIST – VIS.DEV. ARTIST  
& PRODUCER

## ABOUT ME

I am a junior artist specialized in production, visual development and storytelling.

I've participated in the production of several awarded short films as director, scriptwriter, producer, storyboard artist and vis dev artist.

I always found myself organizing the work, supervising progress and checking all the boxes so everything would flow smoothly.

I deeply enjoy being a part of the hectic but rewarding process of making fresh, well written stories with inspiring characters and breathtaking art become a reality.
